

# Manly Nippers Newsletter

7th January 2010

## This week on the beach

Many children & Age Managers will be away this weekend attending the Wamberal Iron man comp, therefore we will need as much help as possible from parents running the groups and also anyone with their bronze to assist with water safety.

As I write this newsletter, many children are attending the summer sports camp in preparation for the upcoming carnivals. So far it has been a great success with plenty of helpers in both the catering & water safety. There has been a lot of organisation to get this happening, a big thanks to all involved.

### **10 to 12th WEEKS WRAP UP**

Santa came to our beach and a huge crowd of Nippers & Parents greeted him. The beach was awash with lollies & soft drinks. Thanks Santa we will see you next year.

We also have had two fun weeks on the beach with many away on holidays.

### **CONTACTING YOUR COMMITTEE**

If you have any suggestions, concerns, and ideas or would like to address the Nipper committee on any issue, please let me know by email [steve@detech.com.au](mailto:steve@detech.com.au). We cannot investigate issues, address concerns or implement good ideas if we do not know about them. We are a team of 17 who meet monthly to try to ensure the smooth running of Nippers within our club & are always open to suggestions.

## **STATE CHAMPIONSHIPS**

Entries must be put through your Age Manager no later than 18th January 2010.

We also need volunteers for water safety (5 required); accredited officials (6 required); IRB drivers (2 required); IRB crew (4 required). Please contact Glenn Stone directly if you can help by January 21.

## **First Aid comp DY Sat 19th Dec**

Results of the first comp were outstanding, with many current & past Nippers competing. We had a couple of children that could not attend this comp but we managed to pair their partners up so as they could compete.

Our competitors were very thorough in their treatments. Tony & Judy Tier were very proud of all of them, watching how they managed their patients.
